

Sports Premium Statement 2013-2014

Through the 'Sport Premium' the Government is providing £150 million over two academic years (2013-14 & 2014-15) to support the delivery of PE and sport in primary schools.

This funding is ring fenced and allocated directly to primary schools across England, providing them with funds to buy in invaluable expertise and support. Primary schools are able to determine what they believe to be the most appropriate use of this funding. Each school receives £8,000 plus an extra £5 per pupil.

At Howletch Lane Primary School our Sport Premium allocation for **2013 - 2014** is £9,640

We have, so far to date, to use this money in the following ways:

ACTIVITY	AMOUNT	IMPACT
SLA Programme with School Sports Partnership	£5000	<ul style="list-style-type: none"> • Access to a full, organised annual programme of competitions/tournaments and festivals in the local area which school could not provide alone • Access to inclusion opportunities for our Resource Base pupils • Provision of C PD for staff in teaching physical education (e.g. twilights, PD days NQT support, team teaching, mentoring) • Broadening pupils' experiences in sport through the provision of a minimum of 4 x 6 week blocks of curriculum and / or after-school activity in a variety of sports. As a guide these are likely to include; Multi-skills, Dance, Gymnastics, Basketball & Tennis • Access to SSP Network meetings to support PE Co-ordinators / PLTs in

		<p>their role developing PE & sport within school</p> <ul style="list-style-type: none"> • Support in the promotion and development of links to local sports clubs thus increasing the range of physical activities available to pupils during and after school.
<ul style="list-style-type: none"> • Subsidise a camping trip experience involving at least one overnight stay for Year 6. 	£ 1,500	<p>Allowing all pupils irrespective of background to experience a three day residential trip which enables their social skills and team building skills to develop and also gives pupils the opportunity to try activities such as climbing, abseiling, archery, assault course, Jacob's ladder, Bushcraft and shelter building thus improving confidence levels and encouraging independence.</p>
<ul style="list-style-type: none"> • Provide Bushcraft / Survival skills training on site for Year 5. 	£1,300	<p>As an introduction to survival skills and in preparation for the Year 6 residential trip, all of Year 5 experience a day of team building involving building shelters and fires on the school field. This helps pupils to become more independent and confident whilst learning in the outdoors.</p>
<ul style="list-style-type: none"> • Improve provision and opportunities for those who rarely or never engage in extra curricular sporting activities. 	No cost, run by staff at school	<p>Introduce sporting activities which are not always team based. Fun and Fitness club is one example of this and is highly successful in developing confidence in pupils who normally don't engage in extra curricular sporting activities.</p>
<ul style="list-style-type: none"> • Extend extra curricular clubs involving sport e.g. the FISCH 'Sporting Chance' programme 	£500	<p>Funding this after school programme has had a huge impact not only on the pupils themselves but also on their families. The programme allows pupils and their families to attend after school swimming, boxing, spinning and other team activities at</p>

		local venues and has allowed many pupils to develop a more positive self image and to grow in confidence. Parents have also commented on the positive impact this programme has had on whole families with regard to exercise, diet and self esteem.
<ul style="list-style-type: none"> • Upgrade and improve line markings on both playgrounds to encourage sport and activity at break times. 	£5000	Improving line markings has encouraged pupils to be more active at break times. Pupils, lunchtime supervisors and staff attended training given by this company 'Intelligent Playgrounds' to enable them to use the markings to best effect.
<ul style="list-style-type: none"> • Pay for professional development opportunities for teachers in PE and sport. (CPD courses) 	£600	Develop skills and confidence in those staff who have embarked on this training and professional development.

As illustrated above, the money allocated to the above activities extends well above the Sports Premium amount. However, we believe the impact of spending extra money in this way is very worthwhile and has had huge benefits to the pupils and the school community as a whole.
