

## Sports Premium Impact Statement 2014-2015

Through the 'Sport Premium' the Government has provided £150 million over two academic years (2013-14 & 2014-15) to support the delivery of PE and sport in primary schools.

This funding is ring fenced and allocated directly to primary schools across England, providing them with funds to buy in invaluable expertise and support. Primary schools are able to determine what they believe to be the most appropriate use of this funding. Each school receives £8,000 plus an extra £5 per pupil.

At Howletch Lane Primary School our Sport Premium allocation for **2014 - 2015** is £9,326.

We have used this money in the following ways:

<p>e.g. the FISCH 'Sporting Chance' programme</p>		<p>families. The programme allows pupils and their families to attend after school swimming, boxing, spinning and other team activities at local venues and has allowed many pupils to develop a more positive self image and to grow in confidence. Parents have also commented on the positive impact this programme has had on whole families with regard to exercise, diet and self esteem.</p>
<ul style="list-style-type: none"> <li>• Pay for professional development opportunities for teachers in PE and sport. (CPD courses)</li> </ul>	<p>£600</p>	<p>Develop skills and confidence in those staff who have embarked on this training and professional development.</p>

As illustrated above, the money allocated to the above activities extends well above the Sports Premium amount. However, we believe the impact of spending extra money in this way is very worthwhile and has had huge benefits to the pupils and the school community as a whole.
